Company Description: Audax Group is a leading alternative investment manager with offices in Boston, New York, and San Francisco. Since its founding in 1999, the firm has raised over \$26 billion in capital across its Private Equity and Private Debt businesses. Audax Private Equity has invested over \$6 billion in more than 130 platforms and 875 add-on companies, and is currently investing out of its \$3.5 billion, sixth private equity fund. Through its disciplined Buy & Build approach, Audax seeks to help platform companies execute add-on acquisitions that fuel revenue growth, optimize operations, and significantly increase equity value. With more than 250 employees and over 100 investment professionals, the firm is a leading capital partner for North American middle market companies. For more information, visit the Audax Group website www.audaxgroup.com.

Audax Private Equity buys privately-held U.S. middle market companies with total equity values ranging from \$100 million to \$500 million. Audax works with its portfolio companies to help them improve the profitability of the business – through acquisitions, sales force expansion, product line or geographic expansion, and cost optimization. Audax typically holds its investments for three to five years with a focus on long-term sustainable value creation. Our investment professionals focus on investments in five core industries: business services; consumer; healthcare; industrial technologies; and software and technology.

Position Description: Portfolio Company Summer Analyst will work as an integral member of the leadership team of an Audax Private Equity portfolio company. Summer Analysts will spend their first week in a formal training program at Audax Private Equity's Boston, MA office along with our Private Equity Summer Analyst program (for rising seniors). Reporting directly to an Executive Leader of the portfolio company with visibility into the CEO/CFO and working alongside other senior leaders, Portfolio Company Summer Analysts will be tasked with adding value to businesses by working on operational, financial, and strategic growth initiatives as directed by management and Audax. They will learn how to evaluate and implement growth initiatives, identify cost savings opportunity, analyze products and end-markets, and work to grow the revenue and profitability of a business. Portfolio Company Summer Analysts will have direct and
