Goldfarb**

Sequoia Fund Investment Analyst Internship - Summer 2022

Ruane, Cunniff & Goldfarb is a \$22 billion equity investment firm with offices in New York and Chicago. Founded in 1969, Ruane, Cunniff is best known for our mutual fund, Sequoia Fund. In addition to the mutual fund, we also maintain private accounts and fund partnerships. While we own lots of things, our investments are concentrated in a relatively small number of positions. We like to own a few things that we know very well, and we like to own them for long periods. Our preference is for businesses with dominant competitive positions and attractive growth prospects, and as value investors, we watch what we pay.

We are presently seeking investment analyst summer 2022 interns for our New York and Chicago offices. The ideal candidates are creative, intelligent, intellectually curious, productive, passionate about investing, and uninterested in spending 100 hours per week formatting PowerPoint presentations and IPO prospectuses. Our analyst interns conduct meaningful, in-depth primary research on potential investee companies alongside our investment research team.

Interested candidates should submit a resume and cover letter to Salina Claps or apply through their university job boards (Handshake ID: #4759356 / Symplicity ID: #3992450).
