EDUCATION

Williams College, Williamstown, MA

Candidate for Bachelor of Arts degree with Honors in Computer Science; June 2000

Course work includes Artificial Intelligence, Networks, Graphics, Programming Languages, Microcode, Theory of Computation, Operating Systems, and Algorithms.

Writing an Honors Thesis on aperiodic tilings.

Working knowledge of C, C++, Pascal, Miranda, ML, Lisp, Java, Perl, and L^AT_EX

Cumulative GPA: 3.33. GPA in Computer Science: 3.64.

EXPERIENCE

eZiba.com, North Adams, MA, Summer 1999

Coded back end of built-from-scratch e-commerce engine. Installed and configured local network, file servers, commerce servers, and web servers for the company.

Networks and Systems, Williamstown, MA, Summer 1998

Assisted Network administrators with summer upgrades. Installed, configured, and tested new products. Completely redesigned web site. Worked with Digital Unix, Windows NT, and Macintosh Servers.

Williams Students Online, Williamstown, MA, Fall 1996-Present

System Administrator for student-run web server. Set up and helped maintain over 1,000 accounts. Maintained and upgraded servers (Macintosh, Linux, Solaris). Helped design award-winning web site.

Office for Information Technology, Williamstown, MA, Fall 1996-Present

Lab Manager and Student Technology Consultant. Maintained all Macintosh labs using RevRdist. Provided telephone support to staff and students. Made house calls to students' residences for repairs/upgrades.

LEADERSHIP AND ACTIVITIES

Free University HTML Course, Williamstown, MA, Winter 1999

Taught a free course to members of the community on the creation of web pages.

Williams College Marching Band, Williamstown, MA, Fall 1996-Present

Tuba player in the band. Played at Football and Basketball games. Student conductor of the band since Fall 1998. Also play tuba in the Student Symphony, Symphonic Winds, and Jazz Ensemble.

Office for Information Technology, Williamstown, MA, Fall 1997-Present

Head Manager of Student Technology Consultants. In charge of student workers who provide technical support for staff and students. Scheduled, trained, and reviewed student workers.

Web Design, Summer 1995-Present

Self-taught HTML skills. Helped design and create web pages for Williams Students Online and Williams College.

I maintain my own web page at: <http://wso.williams.edu/~jhealy/>

PERSONAL

Graduated Punahou School with Honors June 1996. Outrigger Canoe Paddling. Excellent knowledge of Macintosh computers and experienced in UN*X system administration. Tuba player for 12 years. Interests include computers, music, physics, and astronomy.
