

#5: Flag Redesign

Before

After

It's not that hard to be better than Minnesota, right? Create a redesign for the flag of the state in which you're currently located. Write a brief (max 1 paragraph) explanation. Afterward, record a short video criticizing the flag with as much self-righteous fury as possible and a video defending the flag with as many *ad hominems* you can muster against the first video. Submit the explanation, the criticism, and the defense.
