

Fifty Shades of Grey

I don't know about in film, but in the real world there are way more than fifty shades of gray. In this hour boni, you must name 50 of them (when given a clue, of course!). All answers are actual names of paint colors, all some variant of the color "Gray". For example:

Clue: In Australia, this item is widely referred to as "alfoil".

Answer: Tin foil ([paint color found here](#), if you're curious)
