

Law

Part One: Whose Law is it Anyway?

Given the description of a law, name the law.

1. The number of transistors in a dense integrated circuit doubles almost every two years.
2. If temperature and moles remain constant, an increase in pressure leads to a decrease in volume.
3. In a mixture of nonreactive gases, the total pressure exerted is equal to the sum of the partial pressures exerted.
4. Anything that can go wrong will go wrong.
5. Anything that can go wrong will go wrong...at the worst possible time.
6. If you write anything criticizing editing or proofreading, there will be a fault of some kind in what you have written.
7. Disney XD show about an extremely unlucky kid voiced by Weird Al, created by the creators of *Phineas and Ferb*.
8. As an online discussion grows longer, the probability of a comparison involving Hitler approaches 1.
9. Any headline that ends in a question mark can be answered with the word *no*.
10. 5 time Pro Bowl cornerback that played with 4 NFL teams, most prominently the Patriots.
11. The probability of anything happening is in inverse proportion to its desirability.
12. Shredded cabbage.
13. Oscar nominee for *The Talented Mr. Ripley* and *Cold Mountain*.
14. The *Tekken* character who is supposed to be a tribute to Bruce Lee and has a son named Forest.
15. Track one from Beck's album *Midnite Vultures*.
16. Catch phrase of a comic book character about whom 2 movies were made.
17. $F = ma$.
18. The current through a conductor between two points is directly proportional to the voltage across the two points.
19. Aggregate production necessarily creates an equal quantity of aggregate demand.
20. Ninety percent of everything is crap.
21. The female determines all the conditions of the animal family.
22. In many naturally occurring collections of numbers, the leading significant digit is likely to be small.
23. MacGuffin from *The Second Chronicles of Thomas Covenant*; this item is remade when two characters are combined to make it.
24. The deeper the coal, the higher its rank.
25. No scientific discovery is named after its original discoverer.
26. It is impossible to create a parody of extreme views so obviously exaggerated that it cannot be mistaken by some readers or viewers as a sincere expression of the parodied views.
27. The current temperature, in degrees Fahrenheit, is equal to 40 plus the number of cricket chirps in 15 seconds.

28. Scott Baio's character on *Arrested Development*.
29. Prohibition-era term for someone who drinks illegally.

Part Two: The Law of the Land

Name the Supreme Court case given a brief description of what it determined

30. This case established judicial review.
31. Same-sex couples have a fundamental right to marry.
32. Racial segregation is acceptable under the doctrine of "separate but equal."
33. Overturned the previous decision, as "separate...facilities are inherently unequal."
34. African-Americans whose ancestors were slaves cannot be American citizens.
35. A defendant must be informed of the right to consult with an attorney and the right against self-incrimination before police questioning (and waive those rights) so statements made during police questioning are admissible at trial.
36. A law banning abortion was found to be unconstitutional, violating the Fourteenth Amendment.
37. States must provide counsel to represent defendants who can't afford them due to the Sixth Amendment.
38. States cannot tax the federal government.
39. Evidence obtained in violation of the Fourth Amendment cannot be used in criminal prosecutions.
40. Executive Order 9066 was deemed constitutional, allowing for the internment of Japanese-Americans.
41. Nobody is above the law. This includes the President of the United States.
42. People have a right to privacy, making a law banning contraceptives unconstitutional.
43. Private for-profit corporations don't have to follow certain regulations if they go against the religion of the owners.
44. Federal courts can intervene in redistricting cases.
45. Libel and defamation require intent. This case established the "actual malice" standard.
46. Corporations can invest in political campaigns.
47. Affirmative action is legal, but UC Davis took it too far.
48. This case upheld that an Alabama statute banning interracial marriage was constitutional.
49. This case overturned the previous one, legalizing interracial marriage.
50. A manual recount of votes by December 12, 2000 would be unconstitutional.
